Join us in celebrating our most recent grantees!

They say the Grinch’s heart grew three sizes on Christmas Day. Well, we like to think our heart has always been much bigger than the Grinch’s! But this past holiday season, CFGP awarded the largest number of grants in our Foundation’s history. We were blessed with the opportunity to help more of our neighbors than ever before, and this blessing has grown our heart tenfold.

As part of our last granting cycle, CFGP raised funds for a special initiative surrounding school safety. As a result, we awarded grants to nine different schools across the Archdiocese of Philadelphia to help them achieve an appropriate level of security depending on their individual needs.

Our friends at CatholicPhilly.com were kind enough to cover this story and we wanted to share it with you, our donors, partners and faithful supporters. It is because of you that we are capable of awarding grants throughout our community and for that, we can’t thank you enough.
